## TERMS AND CONDITIONS

1. Terms of the Sale are Cash. Settlements are to be made with the clerks of the sale during or immediately after the conclusion of the auction. All stock will be at Buyer's risk as soon as bid is off.

2. Each animal will be sold to the highest bidder without reserve. The Auctioneer will settle any disputes as to bids.

3. Each transaction in this sale will constitute a contract between Seller and Buyer. It is the intention of the Association and its consignors that only sound animals be sold. In case of doubt, or disagreement, the Sale Veterinarian will be consulted and his judgement be final.

4. Animals are sold to comply with Health regulations of the State of Washington and health certificates will be issued for each animal by an official veterinarian.

5. The Sale Manager, Auctioneer, and Ringman have been employed for specific tasks not connected with the handling of the cattle or condition of the premises and they accept no liability, legal or otherwise, for the buying contract or for any accident. Neither can the Seller or the Tri-State association accept any responsibility for any injuries or deaths that might occur. All persons attending this sale at their own risks.

6. Registration Certificates will be transferred to purchasers for all breeding animals sold, at Seller's expense.

7. Arrangements may be made to leave cattle until the morning after the sale at BUYERS RISK. Please notify the Sale Manager if you are leaving cattle overnight.

8. Fertility: Consignors and Members of the Tri State Association will honor the Standard Guarantee as endorsed by our Parent Association — The American Shorthorn Assn.

9. Any announcement from the Auctioneer's Block will take precedent from any printed matter pertaining to the Sale.

10. Please, after paying for your cattle, see the brand inspector and get a "Brand Inspection" slip. This is absolutely necessary, even though the majority of these cattle will not be branded. If you leave your cattle for someone else to deliver, be sure to leave the Brand Inspection slip with this person. If you send someone back with a truck to pick up the cattle, be sure to send the Brand Slip and Sales Receipt with this person. The Brand Inspection Slip must be with the cattle wherever they are hauled. You also must have Health Papers for these cattle in most cases, especially if they are going out-of-state. We will have a Sale Veterinarian at the Sale.

Washington State is a Certified Brucellosis-Free Area, and Modified Accredited T. B. Free. By obtaining Brand Inspection Slips issued by the attending Brand Inspector, and Health Papers issued by our Sale Veterinary, cattle may legitimately be moved immediately into the States of Oregon, Idaho, or California.

**NOTE:** (from the Sales Manger). No doubt this is the greatest bunch of registered females offered at a Northwest auction in many, many years. There are 28 Bred 1974 Heifers, 5 young cows with calves, plus a set of late 1974 and early 1975 Heifer calves with some of the most sought-after bloodlines in the Shorthorn Breed today. Probably not in the next generation will you have an opportunity to obtain females of the quality slated to sell at Kennewick November 1st.

Kinkeri Leader Star—This young bull has been used in the herd; is a  
sure breeder. His first two calves are here and are growthy and  
long. We would keep him except we owned both his sire and his  
dam's sire and have many female descendants in the herd. He is  
stretchy, tall, and well-muscled, and was our largest yearling of  
1973. Look him over — his sire weighed 1700 lb. at 24 months, and  
is now a ton plus bull — his maternal grandsire is the well-known  
Thomas Leader 41X.

# We Goofed!

## CORRECTION TO THE CATALOG

An error was made consistently throughout the Catalog, by a typesetter unfamiliar with cattle pedigrees. In setting the type from Zerox copies of the registration papers this person placed the ancestor's names in the wrong places. Contributory causes were the fact that the head printer went on vacation that week, and I was busy with a Show String in Yakima, and we did not catch the error until the catalogs were completed.

The two names on the left side, which appear directly under "SIRE" and "DAM" are the names of the Sire's sire and Dam's sire. Directly across from the word "SIRE" appears the name of the Consigned Animals own Sire, Sires breeder, then his Sire's dam and her breeder.

Opposite the word "DAM" is the Consigned Animal's dam, her breeder, then her maternal granddam, and her breeder.

To further clarify these pedigrees, we will have two or three sets of Zerox-photographed copies of each Registration paper in the Sale Barn, so that interested persons may look them over, along with the cattle.
